2.0 AUDIT MATTERS

Significant Accounting Policies

Significant accounting principles and policies are disclosed in the notes to the financial statements. Within the context of the audit, management has represented to us that there have not been any material changes in the accounting principles and policies during the year. We have not noted any other changes.

Accounting policy matters arising from the audit that are important and relevant to the Committee are as follows:

Basis of Accounting

The financial statements have been prepared in accordance with Section 23.1 of the *Budget Transparency and Accountability Act* (BTAA) as directed by Treasury Board. This section requires that the financial statements be prepared in accordance with Canadian Public Sector Accounting Standards (PSAS) except in regards to the accounting for restricted contributions as set out through Restricted Contributions Regulation 198/2011 (the Regulation). This Regulation requires the School District to recognize non-capital restricted contributions into revenue in the fiscal period in which the restriction the contribution is subject to is met and requires the School District to recognize government transfer for the acquisition of capital assets into revenue on the same basis as the related amortization expense; Canadian Public Sector Accounting Standards require that these grants be fully recognized into revenue unless there is a stipulation that creates a liability.

We note that the School District does not have the ability to avoid application of the Regulation, as directed by Treasury Board. We wish to highlight management's disclosure in Note 2(a) of the financial statements which identifies the differences that arise to annual surplus, accumulated surplus, deferred revenue and deferred capital contributions through application of the Regulation. We also wish to bring to your attention the qualification of this year's auditor's report reflecting the impact of adherence to the Regulation.

There are no other significant accounting policy matters that we believe should be brought to the attention of the Committee.

Significant Accounting Estimates

Management has the responsibility for applying judgment in preparing the accounting estimates and disclosures contained within the financial statements. Accounting estimate matters we believe should be brought to the attention of the Committee are as follows:

Employee Future Benefits Liability

- Key assumptions within the estimate include the discount rate, the interest rate, inflation and pay increases, along with assumed life expectancy on retirement of the members of the plan.
- Management has engaged an actuarial firm to calculate the future benefit obligation.
- Management provides the actuary with the underlying information regarding the plan participants, which is used in making this estimate.

OAG comments:

- Management has appropriate processes in place to ensure the information provided to the actuary in respect of this estimate is accurate.
- The actuarial firm engaged to prepare this estimate was independent of management and a member in good standing of the Canadian Institute of Actuaries.
- There are no indications of possible management bias within this estimate.

Amortization of Assets

- Key assumptions include the useful life of assets, residual values, and impairment, if any.
- The District has adopted a policy of not taking any amortization expense in the year that an asset is put into use.

OAG comments:

- Accounting standards require that amortization commence when an asset is put into use.
- We assessed the difference that results from this estimate.
- The result this year is not material but is above our error threshold, and is therefore reported on Appendix C.

We have concluded that management's estimates are reasonable in the context of the financial statements taken as a whole. We have not noted any other particularly sensitive accounting estimates we believe should be brought to the attention of the Committee.

Results of Risks Identified in our Audit Plan

We conducted our audit in accordance with the audit plan presented to the Committee on March 27, 2017. The results of the risks identified as part of the audit plan are detailed below.

Significant risk that may result in a material misstatement	Proposed Response in Audit Plan	Disposition
<p>Presumed risk of management override of controls – risk of fraud</p>	<ul style="list-style-type: none"> • We will substantively test on a judgemental basis journal entries made during the year and specifically those made for a period before and after year end. • We will evaluate the business rationale for any significant unusual transactions we identify. • We will incorporate an element of unpredictability in our procedures. • We will inquire about fraud risks and occurrences with the Committee and management. 	<p>Our audit procedures did not identify any transactions which would suggest management override of controls.</p>
<p>Accounting for government transfers and restricted contributions</p>	<ul style="list-style-type: none"> • The method of accounting for deferred capital revenue will result in a qualified audit opinion for the School District. • We will review management’s quantification of the impact of not accounting for deferred capital revenue in accordance with PSAS. This quantification will be included in the audit opinion. 	<p>We independently quantified the difference for government transfers and restricted contributions in accordance with the Regulation and PSAS. We agree with the amounts disclosed for impact on annual surplus, accumulated surplus, deferred revenue and deferred capital revenue in note 2a) of the financial statements.</p> <p>We have determined the accounting for restricted contributions and deferred capital revenue is materially</p>

Significant risk that may result in a material misstatement	Proposed Response in Audit Plan	Disposition
		misstated. The quantification is included in the draft audit opinion. See Appendix A.
Accounting for school generated funds	<ul style="list-style-type: none"> • We will perform selected reviews on the work performed by management. In addition, we will perform audit work on school accounts on a sample basis. • We will review and assess the appropriateness of management’s conclusions related to the accounting for school generated funds. 	We completed testing as planned.
Accounting for capital expenditures	<ul style="list-style-type: none"> • We will perform detailed substantive testing of capital asset additions to ensure transactions and balances are reasonable. • We will review services and supplies expense for items that are potentially tangible capital assets. • Each year we will monitor the quantum and type of capital activity when planning our audit work. • We will review the actual usage of tangible capital asset additions and ensure that the method used for amortizing capital assets reasonably reflects this. 	<p>Our audit procedures provided sufficient and appropriate evidence to support management’s accounting for capital expenditures.</p> <p>We did note that the School District’s policy of not taking any amortization expense in the year that an asset is put into use is not in line with PSAS; however, it is based on use of the amortization tool provided by the Ministry of Education. The quantification of this difference is included in Appendix C.</p>

3.0 SUMMARY OF AUDIT DIFFERENCES

Misstatements and Significant Audit Adjustments

Misstatements represent audit findings for which we do not agree with the amount, classification, presentation or disclosure of items in the financial statements. A misstatement may arise from an error or fraud and other irregularities. An error refers to an unintentional misstatement in financial statements, including an omission of amount or error. Fraud and other irregularities refer to an intentional misstatement in financial statements, including an omission of amount or disclosure, or to a misstatement arising from theft of the entity's assets.

In conducting our procedures, we may identify misstatements that require adjustments to the recorded amounts. These audit adjustments are discussed with management who determine if an adjustment should be recorded.

We report that there are uncorrected non-trivial misstatements of the financial statements for the year ended June 30, 2017. In accordance with professional standards, we are required to request those charged with governance to correct these misstatements. We have summarized these uncorrected misstatements in Appendix C. None of the differences identified were as a result of fraud or other irregularities.

There are no uncorrected misstatements related to prior periods which have an effect on the relevant classes of transactions, account balances or disclosures and the financial statements as a whole that should be brought to the attention of the Committee.

4.0 OTHER MATTERS

Illegal and Fraudulent Acts

Our enquiries of management and our testing of financial records did not reveal any illegal or possible illegal acts, nor did we find any fraud or suspected fraud. However, improper conduct is usually carefully concealed and, consequently, the probability is not high that our regular audit work, however diligently performed, will bring it to light. Management has also provided us with a written representation that they are not aware of any illegal or possible illegal acts or fraud or suspected fraud (Appendix E).

Related-Party Transactions

Testing of financial records and discussions with management did not reveal any significant related-party transactions that were not in the normal course of operations.

Independence

As external auditors of School District No. 93 (Conseil Scolaire Francophone), we are required to be independent in accordance with Canadian professional requirements. These standards require that we disclose to the Committee all relationships that, in our professional judgment, may reasonably be thought to bear on independence. As of September 8, 2017, we are not aware of any relationships between School District No. 93 (Conseil Scolaire Francophone) and us that, in our professional judgment, may reasonably be thought to bear on our independence. See Appendix B.

Continuing as Your Auditors

Each year, the Auditor General must provide the Select Standing Committee on Public Accounts with a plan for the appointment of auditors for government organizations and trust funds for the next three years.

The most recent plan, tabled on October 5, 2016, indicated that the Auditor General plans to be the auditor of School District No. 93 (Conseil Scolaire Francophone) for the next two years or until the year ended Month 31, 2019.

To check for your entity, review Appendix A of the Financial Statement Audit Coverage plan at:

<http://www.bcauditor.com/about-us/financial-statement-audit-coverage-plans>

Significant Deficiencies in Internal Control

The responsibility for the design and maintenance of an appropriate system of internal control to provide reasonable assurance that the accounting systems provide timely, accurate and reliable financial information and to safeguard School District No. 93 (Conseil Scolaire Francophone)'s assets is part of management's overall responsibility for the day-to-day operations of School District No. 93 (Conseil Scolaire Francophone).

As auditors, we obtain a sufficient understanding of internal controls to plan the audit. The understanding includes knowledge about the design of policies and procedures and whether they have been implemented, but does not necessarily extend to evaluating the operating effectiveness of these policies and procedures. We only evaluate, and test, those internal controls on which we plan to rely during our audit.

Our audit is not designed, nor should it be expected, to allow us to provide an opinion on the systems of internal controls.

However, in the course of our examination, certain opportunities for improvement in internal controls came to our attention. Our Management Letter, including management's response, will be provided to the Committee in October 2017.

Accounting and auditing standards changes

It is part of our service to you to point out emerging accounting and auditing developments and our assessment of the possible implication on the entity for the current and future years. Here is a summary of changes relevant to you:

APPENDIX A: DRAFT INDEPENDENT AUDITOR'S REPORT

INDEPENDENT AUDITOR'S REPORT

*To the Members of the Board of Education of School District No. 93 (Conseil Scolaire Francophone), and
To the Minister of Education, Province of British Columbia*

I have audited the accompanying financial statements of the School District No. 93 (Conseil Scolaire Francophone), ("the entity"), which comprise the statement of financial position as at June 30, 2017, and the statements of operations, changes in net financial assets (debt) and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation of these financial statements in accordance with Canadian Public Sector Accounting Standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with Canadian generally accepted auditing standards. Those standards require that I comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

In my view, the audit evidence I have obtained is sufficient and appropriate to provide a basis for my qualified audit opinion.

Basis for Qualified Opinion

As described in Note 2 a) to the financial statements, the entity's accounting treatment for contributions received from governments and for externally restricted contributions received from non-government sources is to initially record them as deferred revenue (a liability) and then

recognize revenue in the statement of operations either on the same basis as the related expenditures occur or, in the case of funds for the purchase or construction of capital assets, to recognize revenue on the same basis as the related assets are amortized. The entity was required to adopt this accounting policy as prescribed by Province of British Columbia Treasury Board Regulation 198/2011.

Under Canadian Public Sector Accounting Standards, the entity's method of accounting for contributions is only appropriate in circumstances where the funding meets the definition of a liability. Otherwise, the appropriate accounting treatment is to record contributions as revenue when they are received or receivable. In our opinion certain contributions of the entity do not meet the definition of a liability, and as such the entity's method of accounting for those contributions represents a departure from Canadian Public Sector Accounting Standards.

This departure has existed since the inception of the standard, which applies to periods beginning on or after April 1, 2012. When the cumulative effects of this departure to date are adjusted through opening accumulated surplus, the entity's records indicate that the effects of this departure on the current year financial statements is an overstatement of the liability for deferred revenue of \$.5 million and deferred capital revenue of \$98.2 million, an understatement of opening accumulated surplus of \$97.5 million, and a current year understatement of revenue of \$1.2 million. Accordingly, the current year surplus is understated by \$1.2 million and net debt is overstated by \$98.7 million.

Qualified Opinion

In my opinion, except for the effects of the matter described in the Basis for Qualified Opinion paragraph, the financial statements present fairly, in all material respects, the financial position of School District No. 93 (Conseil Scolaire Francophone) as at June 30, 2017, and the results of its operations, changes in its net financial assets (debt) and its cash flows for the year then ended in accordance with Canadian Public Sector Accounting Standards.

APPENDIX E: MANAGEMENT REPRESENTATION LETTER

[Date]

Russ Jones, FCPA, FCA
Deputy Auditor General of British Columbia
623 Fort Street
Victoria, B.C. V8W 1G1

Dear Mr. Jones:

Re: Management Representation Letter

We are providing this letter in connection with your audit of the financial statements of School District No. 93 (Conseil Scolaire Francophone) for the year then ended June 30, 2017, for the purpose of expressing an opinion as to whether the financial statements present fairly in all material respects, the financial position, results of operations, changes in net debt/net financial assets, and cash flows of School District No. 93 (Conseil Scolaire Francophone) in accordance with Canadian Public Sector Accounting Standards (PSAS).

We acknowledge that your audit is planned and conducted in accordance with Canadian generally accepted auditing standards so as to enable you to express a professional opinion on the financial statements. We understand that while your work includes an examination of the accounting system, internal controls, and related data to the extent you considered necessary in the circumstances, it is not designed to identify, nor can it necessarily be expected to disclose, fraud, errors, or other irregularities.

Management's responsibilities

We have fulfilled our responsibilities, as set out in the terms of the audit engagement letter dated March 27, 2017. In particular, we confirm to you the following:

- We are responsible for the preparation of the financial statements in accordance with Section 23.1 of the *Budget Transparency and Accountability Act*, which conforms to PSAS except as modified by Treasury Board regulations.
- We are responsible for designing, implementing, and maintaining an effective system of internal control over financial reporting, to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. In this regard, we are responsible for establishing policies and procedures that pertain to the maintenance of accounting systems and records, the authorization of receipts and disbursements, and the safeguarding of assets, and for reporting financial information in accordance with Section 23.1 of the *Budget Transparency and Accountability Act*.

- We are responsible for complying with legislative and other authorities that govern School District No. 93 (Conseil Scolaire Francophone).
- We have provided you with all relevant information and access, as agreed in the terms of the audit engagement.
- All transactions have been recorded in the accounting records and are reflected in the financial statements.

We confirm the following representations:

Preparation of financial statements

Except where modifications by Treasury Board result in conflicts with PSAS, the financial statements include all disclosures necessary for fair presentation in accordance with PSAS. In addition, the financial statements have been prepared on a basis consistent with that of the preceding year.

We have appropriately reconciled our books and records (for example, general ledger accounts) underlying the financial statements to their related supporting information (for example, sub-ledger or third party data). All related reconciling items considered to be material were identified and included on the reconciliations and were appropriately adjusted in the financial statements. There were no material unreconciled differences or material items in the general ledger suspense accounts that should have been adjusted or reclassified to another account balance. There were no material items in the general ledger suspense accounts written off to a statement of financial position account that should have been written off to an operations account, nor were there such items written off to an operations account that should have been written off to a statement of financial position account.

Accounting policies

We confirm that we have reviewed School District No. 93 (Conseil Scolaire Francophone)'s accounting policies and, with regard to the possible alternative policies, our selection and application of accounting policies and estimation techniques used for the preparation and presentation of the financial statements are appropriate in School District No. 93 (Conseil Scolaire Francophone)'s particular circumstances.
